# TAMTRON

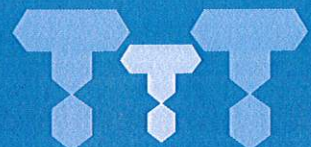

## i-services

Weighings transferred electronically and integrated into ERP

### Revolutionary i-scales

Perfect your productivity with Tamtron i-services. Tamtron 300i scale series represent the latest evolution in scales' software services. Wireless data transfer with cutting edge scale features and electronic processing of weighing data streamlines your business operations.

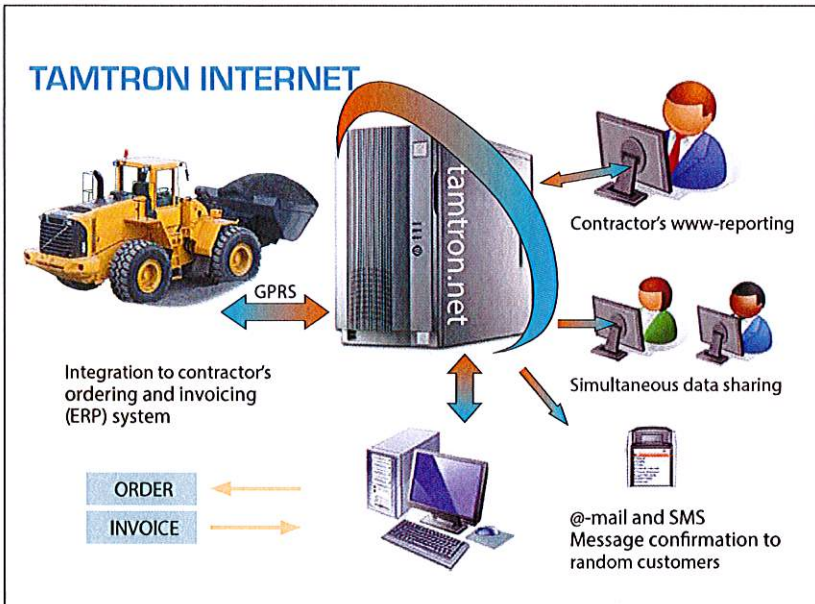

### Online data access

With Tamtron i-services the access to the weighing information is easy and economical. Scale uploads automatically the weighing receipts to the secured cloud server during the normal loading. Weighing data is available in real-time 24/7 allowing quick and accurate invoicing and removing the worry of delayed or lost paper receipts. Personal login guarantees secure data managing and report forming. Simultaneous data sharing for multiple users is also possible.

**i-services is available for wheel loaders, dumpers, different handlers ja truck scales.**
